MUMBAI, MAHARASHTRA, INDIA, September 12, 2017 /PRNewswire/ -- PRESS RELEASE

Government of Indiana explores sister state agreement with Maharashtra, says Mr. Schellinger

"Government of Indiana is excited about the growing partnership with India. In the last three years, our bilateral relation with India has intensified significantly. Our bilateral relationship is based on the shared values of honesty and trust advocated by India's Father of Nation Mahatma Gandhi. Indiana is exploring partnership with India in six major sectors viz. advanced manufacturing, aerospace & defense, agro-science, life sciences, logistics and information technology. Indiana has the second lowest cost of living in U.S.A. This is my third visit to India and first visit to Mumbai and we are excited with the prospects for collaboration with Government of Maharashtra. Governor of Indiana Mr. Eric Holcomb will visit India in 2019 to strengthen our relationship further. We are exploring Sister-State partnership agreement with Maharashtra on the lines of the one we have entered into with Karnataka," said Mr. Jim Schellinger, Secretary of Commerce for the State of Indiana at an interactive session on "Strengthening Indiana-India Economic Relations" organised by World Trade Centre Mumbai at WTC Mumbai.

The Governor of Indiana is more outward looking than his predecessors, Indiana has attracted the maximum trade missions under this Governor, Mr. Schellinger added. Already, Indian companies such as Wipro, Infosys and TCS have commercial presence in Indiana.

Speaking about the advantages of Indiana, Mr. Schellinger pointed out, "The state of Indiana has stable and predictable business environment with minimal regulations and low tax rates. More than 20 countries have invested in Indiana and they employ 190,000 workers. Nine Indian companies have invested in Indiana so far. Innovation and entrepreneurship are the heart of our economy and Government of Indiana is planning to invest USD 1 billion on this area. Indiana has a USD 11 billion agro-science industry and USD 62 billion life science sector. There is lot of potential to work in cutting edge technologies such as artificial intelligence, internet of things, etc. 85% of the manufacturing sector in Indiana is adopting digitization."

For the first time in Indiana, the Governor has introduced 20-year programme to improve infrastructure. Indiana is at the crossroads of America as many inter-state highways pass through this state, it is home to the 2nd largest FedEx hub worldwide. Indiana provides the only state-wide port system with direct waterway access to two U.S. coasts.

Earlier in his welcome remarks, Mr. Vijay Kalantri, Vice Chairman, World Trade Centre Mumbai introduced the activities of World Trade Centre Mumbai to Mr. Schellinger and expressed willingness to work closely with Government of India to promote bilateral relations. "World Trade Centre Mumbai receives over 60 trade delegations every year led by ministers, diplomats, and other top government officials besides representatives from trade and industry. The motto of World Trade Centre Mumbai is 'Prosperity Through Trade'."

Mr. Kalantri concluded by saying, "Today, bilateral trade volume between India and USA is USD 125 billion, which can double in the next three years if tariff barriers are removed and policy becomes conducive."

The meeting was also attended by Mr. John Miller, Secretary's Director of Field Operations, Indiana Economic Development Corporation and Mr. Rupi Charan, Ph.D, Founder & President, Indiana India Business Council.

Mr. Rupi Nark, Senior Director, World Trade Centre Mumbai welcomed Mr. Schellinger and his office for promoting trade and investment ties between Maharashtra and Indiana.

The event was attended by representatives from trade and industry.

Recruitment Excellence

Kapil Gupta is the CEO of Sheila Consultants. He is a Management Graduate, having Diploma in Business Finance, Post Graduate Diploma in Foreign Trade and Diploma in E. Business Technologies. Having fifteen years of experience, he has traveled extensively to Dubai, Kuwait, Bahrain, UK, France, Germany, Italy, Switzerland, Belgium, Netherlands, and Europe undertaking recruitment consultancy and research. He has brought complete professional approach in recruitment and mastered the art of handwriting analysis (Graphology) through which he can select the right candidate suitable for a particular job.

In an interview with Dominic Rebello, Kapil talks about the latest trends in the recruitment industry, the uniqueness of his recruitment firm Sheila Consultants and his vision for the company.

Tell us a few words about Sheila Consultants...

Sheila Consultants (90 9001 - 2010) is a leading headhunting and manpower recruitment firm based out of Mumbai. The company started its existence for over 17 years. The company has gained this robustness by providing exemplary customer service and competent employees to diverse corporates, all across in India, Gulf, Europe, UK & USA as well as other parts of the globe. Some of the industries they serve are Agricultural Industry, Automotive Industry, Aviation Industry, BFSI, Construction Industry. The firm enthusiastically performs its work in accordance to suit your manpower necessities, procuring the candidates to fit your project profile and building trusting relationships. Apart from customary practices to narrow candidates, the company also introduces a few innovative measures to promote accurate professionals. The company has a set of experts who influence the power of technology based recruitment and focus on online media to make sure that their clients receive the most suitable candidates for their organization.

How are you different from others on your USP?

We at Sheila Consultants have established ourselves as certified抗氧化 and have proved that we can make a differentiation to the quality of your staff by raising the overall productivity and the talent pool of your company. All our programs are tailored to fit your client's hiring needs and financial concerns.

Some of our other discerning and value added services are:

- Our unique value matching service ensures the best match between the candidate and the company, considering its values, goals, culture, in addition to the qualifications.
- Though adequate candidates are available for different vacancies, we provide the exceptional ones and know how and where to find them.
- We have an established record with companies in almost all the sectors, like hospitality, manufacturing, oil and gas, banking, administration, agribusiness, quality management, law, power, automobile and with entrepreneurs.
- Our easy access to candidates at national as well as international level provides us an impression selection, for any location Members

What are the latest trends in the recruitment industry?

Artificial Intelligence has changed the total recruiting system and the hiring process. While hiring candidates companies take into consideration the capabilities presence of mind and experience and are not motivated to the degrees the job holder for curiosity or genius. This mechanism also helps to sort out the most suitable candidate in the most efficient form.

With the Indian government's emphasis on the Skill India movement, we are very bullish on this industry growing many folds in the years to come.

Your vision for the company?

We are continuously engaging ourselves in the process of improving efficient manpower, identify new avenues & opportunities, develop innovative services.

Where do you see the company five years down the road?

In the next five years, we seek to enter 10 times the current turnover and having offices in numerous cities all over the world.

We have an established record with companies in almost all the sectors, like hospitality, manufacturing, oil and gas, banking, administration, agribusiness, quality management, law, power, automobile and with entrepreneurs.

Govern of Indiana explores sister state agreement with Maharashtra, says Schellinger

"Governor of Indiana is interested in growing partnership with India. In the last three years, our bilateral relation with India has intensified significantly. Our bilateral relationship is based on the shared values of honesty and trust professed by India's Father of Nation Mahatma Gandhi. Indiana is exploring partnership with India in six major sectors via advanced manufacturing, aerospace & defense, agro-sciences, life sciences, biotech and information technology. This is my third visit to India and my visit to Mumbai and we are excited with the prospects for collaboration with Government of Maharashtra," said Jim Schellinger, Secretary of Commerce for the State of Indiana (left) being felicitated by Vijay Kalantri, President, All India Association of Industries, VICE Chairman, World Trade Centre Mumbai, at an interactive meeting.

Jim Schellinger, Secretary of Commerce for the State of Indiana (left) being felicitated by Vijay Kalantri, President, All India Association of Industries, VICE Chairman, World Trade Centre Mumbai, at an interactive meeting.

Strengthening Indiana's Economic Relations' organised by All India Association of Industries (AIAI) World Trade Centre Mumbai at WTC Mumbai last week.

Earlier in his welcome remarks, Vijay Kalantri, President, AIAI and Vice Chairman, World Trade Centre Mumbai introduced the activities of World Trade Centre Mumbai to Schellinger and expressed willingness to work closely with Government of Indiana to promote bilateral trade and investment. Mr. "World Trade Centre Mumbai receives over 60 trade delegations every year led by ministers, diplomats, and other top government officials besides representatives from trade and industry. The moots of World Trade Centre Mumbai is Prosperity Through Trade."

China's Albatross Group announced recently to run a philanthropy project for women empowerment in India in association with Bollywood actress Kangana Ranaut, "UCWeb" which is part of Alibaba Group. We are going to launch #SheDevotes campaign with Kangana Ranaut. Women empowerment is going to be one of the key focus projects for us in India. Also, we are in talks with other NGOs to expand our collaboration with CRY and other NGOs," UCWeb President Shaojun said, Alibaba Group has included India in its philanthropy roadmap for it is the 3rd largest market amongst 200 at the moment, across various countries every year. UCWeb, a business within Alibaba Digital Media and Entertainment Group, hosted the Global Forum of the XV Philanthropy Conference 2018 in Delhi.
