

## Union Budget Lays path for Viksit Bharat by 2047

NATIONALHERALD - February 2, 2026

by Prashant Kapadia/NHN

"With a strong thrust on agriculture, tourism, data centres, electronics, advanced manufacturing and green energy, this budget aims to comprehensively uplift the entire economy" – Dr. Vijay Kalantri, Chairman, World Trade Center Mumbai and President, All India Association of Industries.

Mumbai, 1st February 2026: Inspired by the 3 Kartavya or responsibilities, the Union Finance Minister Smt. Nirmala Sitharaman presented her 9th Union Budget amidst growing geopolitical uncertainty and India being a growth oasis as pointed out in the Economic Survey released just days ago.

Commenting on the Union Budget, Dr. Vijay Kalantri, Chairman, World Trade Center Mumbai and President All India Association of Industries said, "This year's Union Budget presented by Hon. FM is significant as it steers the economy steadily amidst turbulent geopolitical times. The focus of the budget to support domestic resilience by incentivising domestic manufacturing in advanced and frontier technology, biopharma industry, container manufacturing and construction materials strengthens our resolve on atmanirbharta. Equally significant is the concentrated focus on Rare Earth elements supply by harnessing domestic capabilities and augmenting supply chains which will ensure insulation from global shocks while boosting regional economy".

"The special attention which the budget has given to MSME's by extending liquidity facilities, specialized fund provision and integration of GeM and TReDS for invoice discounting will position MSME's as growth engine for the economy. Also noticeable is the push given to new age sectors like creative economy, graphic designing, content creation and others which will create new generation employment". said Dr. Kalantri

"It is heartening to see that the budget has recognised the need to strengthen our urban regions as engines of economic growth. It's special focus on infrastructure financing by a specialized fund and incentivising municipal bonds will unlock much needed capital for sustainable and resilient urban growth" stressed Dr. Kalntri.

"Building on the policy imperative to enhance foreign investments, the government's move to rejig taxation norms will hopefully help to facilitate FDI and FII flows at a time when we are seeing capital flight. However, the change in rate of taxation on futures and options trading might have adverse impact of capital flows. Further, export aligned rationalization of custom duties for fisheries and marine products, textiles, renewable energy components and electronics will promote value added exports. Moreover, the continued simplification of taxation laws will further help in ease of doing business." added Dr. Kalantri.

"We congratulate Honourable Finance Minister for this forward-looking budget which will help us to grow at 8-9 % per annum so as to reach the size of 30 trillion dollar economy by 2047." said Dr. Kalantri

Recommendations of the 16th Finance Commission, which retained the vertical devolution to states at 41%, was also accepted by the Union Finance Minister and a sum of 1.4 lakh crore is allotted to states as Finance Commissions grants.

# केंद्रीय बजट 2026, भारत की राजकोषीय यात्रा में एक महत्वपूर्ण मोड़

प्रातःकाल संवाददाता

मुंबई। वित्त मंत्री निर्मला सीतारमण द्वारा प्रस्तुत केंद्रीय वजट 2026, भारत की राजकोषीय यात्रा में एक महत्वपूर्ण मोड़ है। यह वजट निरंतर नीतिगत स्थिरता और लचीलेपन, संरचनात्मक सुधारों तथा बदलती वैश्विक और घरेलू परिस्थितियों के अनुरूप संतुलित

आर्थिक दृष्टिकोण को दर्शाता है। यह दीर्घकालिक विकास और राजकोषीय प्रशासन के प्रति एक स्थिर और आत्मविश्वास पूर्ण दृष्टिकोण का संकेत देता है। वजट को लेकर देश के हर नागरिक का अपना-अपना व्यक्तिगत मत है और कई तरह की आशाएं भी होती हैं। वजट पर प्रातःकाल के पाठकों ने अपनी राय साझा की...

“यह वजट भू-राजनीतिक अनिश्चितता के बीच अर्थव्यवस्था को स्थिर दिशा देता है। घरेलू विनिर्माण, एमएसएमई सहायता और शहरी अवसंरचना पर विशेष ध्यान सराहनीय है। कर सुधार और निर्यात-अनुकूल नीतियाँ विदेशी निवेश आकर्षित करेंगी। यह दूरदर्शी वजट 8-9% विकास दर और 2047 तक 30 ट्रिलियन डॉलर अर्थव्यवस्था का लक्ष्य पूरा करने में सहायक होगा।”

-डॉ. विजय कलंत्री

चेयरमैन, वर्ल्ड ट्रेड सेंटर मुंबई:

“वजट 2026 विकासोन्मुख और संतुलित है। एमएसएमई के लिए क्रेडिट गारंटी विस्तार, आर्टिफिशियल इंटेलिजेंस और ग्रीन एनर्जी पर फोकस भारत को वैश्विक प्रतिस्पर्धा में आगे बढ़ाएगा। बुनियादी ढाँचे में निवेश से व्यापार लागत घटेगी। कर स्थिरता और स्किल डेवलपमेंट मध्यम वर्ग व युवाओं के लिए सकारात्मक संकेत हैं। यह भारत को आर्थिक रूप से सशक्त बनाने की दिशा में मजबूत कदम है।”

-अमित शर्मा

डायरेक्टर, विप्र चैंबर ऑफ कॉमर्स

“वजट 2026 में टैक्स स्लैब यथावत रखते हुए प्रक्रियाओं को सरल बनाने पर जोर दिया गया। विदेश में पढ़ाई-इलाज पर टीसीएस घटाकर 2% करना राहत है। कैंसर की दवाएं सस्ती होंगी। हालांकि मध्यम वर्ग को टैक्स छूट की उम्मीद पूरी नहीं हुई। एफ एंड ओ पर एसटीटी बढ़ने से शेयर बाजार को झटका लगा। वजट भविष्य की तैयारी पर केंद्रित है, वर्तमान राहत कम है।”

-सीए डॉ. सुनील शर्मा, मुंबई:

“यह वजट आधारभूत संरचना पर केंद्रित है। पूंजीगत व्यय 12.2 लाख करोड़ तक बढ़ाना सराहनीय है। हाई-स्पीड रेल कॉरिडोर और जलमार्ग विकास से परिवहन लागत घटेगी। सिटी इकोनॉमिक रीजन से छोटे शहरों में रोजगार बढ़ेगा। लोकप्रिय घोषणाओं से परहेज कर दीर्घकालीन विकास पर ध्यान देना व्यावहारिक दृष्टिकोण है। सफलता क्रियान्वयन पर निर्भर करेगी।”

-सीए कल्याण जगताप

“वजट में प्रोफेशनल बॉडीज़ को वैश्विक मानकों के अनुरूप सशक्त करने का स्पष्ट संकेत है। कौशल विकास और डिजिटलीकरण पर जोर विकसित भारत की परिकल्पना को मजबूती देता है। आईसीएआई जैसी संस्थाओं के लिए सेंटर ऑफ़ एक्सीलेंस और अंतरराष्ट्रीय प्रैक्टिसेज अपनाने के नए अवसर खुलेंगे। यह प्रोफेशनल संस्थानों को उत्कृष्टता के केंद्र बनाने की दूरदर्शी पहल है।”

-सीए अभिषेक तिवाड़ी

पूर्व चेयरमैन वसई ब्रांच आईसीएआई
